

?

What is **sexting**

Sexting =  texting  photographs or  videos of  your

private parts

Sexting =  texting  photographs or  videos of  you  being

sexual

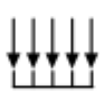

Sexting  happens in  groups or  couples

 Phones  internet  ipads and  apps  can be  used for **sexting**

 Most people  who  use **sexting**  want to  do it

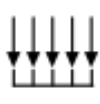

Some people who use **sexting** make a mistake

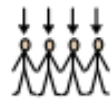

Not all photographs and information on the internet is

private

Not all **sexting** is private

You cannot trust everyone you text

You cannot trust everyone you share photographs with

Photographs you share can be shared with lots of people

you know

Photographs

you

share

can

be

shared

with

lots of people

you

do not

know

If you

share

a photograph

or video

and are unhappy

you can

ask

someone

to help

you

You can

ask

your

parents

You can

ask a teacher

You can

ask

friends

that

you

trust

If you

text

a photograph

and

you

are

unhappy

you can

speak

to the

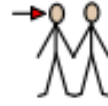

person

and

ask

them

to

delete

the

photograph

If you

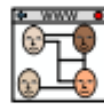

share

a photograph

on

social networks

you can use

report

abuse

on the

app

Where

can

your

photograph

go

Apps

like

Flickr

Facebook

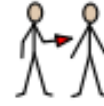

and

Instagram

let

you

share

photographs

You

must

have

private

settings

on

Flickr

Facebook

and

Instagram

=

Webcam

sites

like

Omegle

and

Chat Roulette

let

you

share

videos

DO NOT

use

webcam

sites

iCloud

GoogleDrive

and

Dropbox

keep

photographs

Strangers

can

find

your

photograph

on

iCloud

GoogleDrive

and

Dropbox

Be

safe

DO NOT

use

sexting
