Making Choices at Song Time

Below are visual support examples, to support a child to make choices at song time:

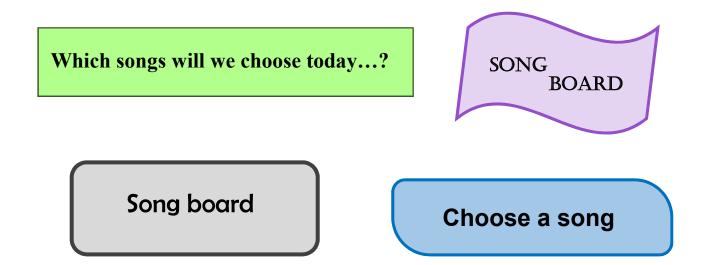

To Create a Song Board with Removable Pictures:

• Add your song board title, to an A4 piece of paper (some examples are shown below) and then laminate it. Remember to keep your cut corners rounded.

JJ05/22 1.

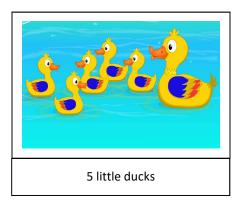

- Add the rough side of the hook and loop tape to your song board.
- Cut out and laminate the individual song cards (some examples are below and on page 2) then add the soft side of the hook and loop tape to the back of each one
- Add an envelope, to the back of your finished song board, to store the individual store cards not in use all that time

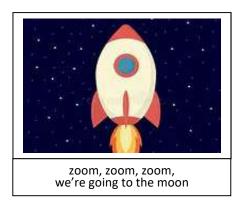

Remember: Think about the child(ren)'s current stage of development (not their age), when offering choices. For some children, a choice of 2 may be enough.

Here are some examples of the pictures you can use on your Song Board:

 $J_{05/22}$ 2.

row, row, row your boat

5 little monkeys jumping on the bed

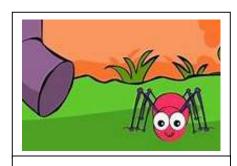

5 little speckled frogs

twinkle, twinkle, little star

the wheels on the bus

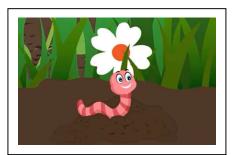

incy wincy spider

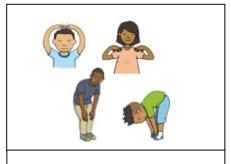

hickory, dickery, dock

I had a little turtle

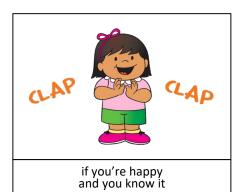

there's a worm at the bottom of the garden

head, shoulders, knees and toes

the grand old duke of York
