

Butterfly class is within the EYFS learning approach with 11 pupils and 3 members of staff who support the Class Teacher.

Our lovely, spacious classroom opens out onto a large, covered play area. Water, sand and sensory play are our favourite activities. Butterfly class especially love sharing songs, painting and exploring the Sensory Garden.

This year we will be working on building strong relationships with those around us whilst focusing on our communication skills; making the most of the fun activities that we take part in each day to help us engage with the world around us.
