

Birch class is a year 7 class with 14 pupils, a Class Teacher, a Senior Teaching Assistant and a Teaching Assistant. We are based at the Snodland site in St Katherine's Primary School.

We are an inquisitive class and we enjoy listening to various music genres. Each day we complete target work, English, maths, topic and Clever Fingers activities. We take part in activities such as; cooking, P.E., swimming, Forest School and sensory circuits, as well as activities to help build our social and life skills to enable us to become more independent and confident.

We enjoy spending time with our friends and are looking forward to the challenges and new experiences of being in secondary school this year.
