

Foxglove are a primary class within the Sensory learning approach. There are 6 pupils aged 6 -9 years old, a Class Teacher, a Senior Teaching Assistant and 2 Teaching Assistants.

Foxglove class are a happy, active and curious class who love singing, messy play and trying new activities such as horticulture. We follow the sensory curriculum, as we learn best when learning is directly related to our experiences. We learn well with a multi-sensory environment, topic-based approach and structure. Every day we work on our communication targets, using Makaton and we strive to achieve our personal targets. We work on our independence with our individual targets through daily activities, enriching topics and class trips to the shops to purchase ingredients for our cooking activity.

Foxglove class work on developing skills in 5 key areas which are; My Body, My Communication, My Thinking, My Independence, Me and My Community. We are looking forward to visiting more areas within our local environment this year to help us to achieve more.
