

Holly class has 17 pupils, predominantly in year 10, who follow the Secondary formal learning approach. As a class, we enjoy subjects such as music, PE, Preparation for Adulthood, maths and English.

We are working towards City and Guilds functional skills qualifications in maths and English, which are taught to us by subject specialists. Some members of our class are playground and subject prefects, with responsibilities for buddying pupils in younger years during playtimes and also preparing subject displays in the corridors.
