

In Mole class there are 11 pupils aged between 9-11 years, who are supported by 5 members of staff. We enjoy lots of sensory activities including water play, food play and making our own sensory toys.

Mole class follow the TEACCH approach during learning time and enjoy a mixture of activities including reading stories together as a group, learning how to write independently, using objects to count and creating our own artwork.

Mole class pupils enjoy practicing life skills through cooking and learning how to clean our tables after snack. Each term we have a specific topic focus, which is integrated into all aspects of our learning.
