

Redwood class are a year 7 group, based at our satellite site at St Katherine's School. In class there are 3 members of staff and 16 pupils.

We focus on building independent life skills and learning what life is like at secondary school, in preparation for moving around the classes when we are in year 8.

We have access to swimming and Forest School on site at St Katherine's School, as well as using the Holmesdale School canteen and interacting with Five Acre Wood Snodland pupils during social times.

Each morning we work on maths and English and in the afternoons we have sessions for; topic, science, art, PSHE, cooking and PE. We are an enthusiastic class who enjoy class discussions and sharing our opinions.

We are looking forward to building our confidence, going shopping in the community and many other class trips later in the year.
