

Wild Boar class is within the Structured learning approach. The class has 12 pupils ranging from 5 to 8 years, a Higher Level Teaching Assistant, a Senior Teaching Assistant and 2 Teaching Assistants.

Our day is very structured and we use the TEACCH rotation within the classroom, up to 3 times per day. We have a numeracy rotation, literacy rotation and a topic-based rotation. Pupils participate in a class cooking sessions once a week and they enjoy exploring different messy play activities to support their learning.

Wild Boar class pupils engage in social communication with their peers throughout the day, using a range of supports such as; communication boards, social cues and turn taking visuals. They use long schedules or 'now and next' boards to help them to know what will be happening on each school day.

We are looking forward to a great year ahead.
