

Cherry is a key stage 2 class within the Formal learning approach. This year we have 16 pupils in class between the ages of 9 and 11. They are supported in class by a Teacher, a Senior Teaching Assistant and 2 Teaching Assistants who love to have as much fun as our pupils.

Pupils enjoy spending both their learning and playtimes together and making new friends. Cherry class are working on developing their independence. They enjoy working on literacy and communication skills, as well as maths and problem solving skills.

Cherry class pupils work hard to understand their emotions and are learning new strategies to cope when they find things challenging. Their PSHE curriculum enables them to gain valuable life skills and to work on building relationships and personal care, as well as their fine motor and sensory needs.

In class, pupils love using their imaginations and being creative. They also enjoy going outside for PE and love to visit the trim trail, sensory garden and yard. Pupils love to go on a trip into the community, especially when it involves shopping, eating or the cinema.
