

Rossini class is within the Structured learning approach. In class, there are 7 pupils who are aged between 10 and 14 years of age. There is a HLTA leading the class, a Senior Teaching Assistant and 2 Teaching Assistants.

Rossini class caters to each pupil's individual needs, using a bespoke plan. Pupils follow the TEACCH rotation and are exploring their communication needs using Colourful Semantics and Intensive Interaction alongside the adults in class.

This year, we will be engaging in activities that specifically focus on our EHCP targets, as well as focusing on our personal, social and emotional development.
