

Verne is a year 7 class within the Formal learning approach, consisting of 12 pupils and 4 adults. We are based at St Katharine's School with Dickens class, but we also take part in activities at the Snodland site every day.

We do maths and English every day, as well as a variety of other subjects throughout the week including; science, topic, ICT, PSHE and art. The focus for year 7 is to build confidence and independence skills and to get ready for year 8 and the secondary model. Pupils have settled in brilliantly and there are some strong friendships forming and the pupils' social skills are developing well.

We are very lucky to have a swimming pool and Forest School on site. We alternate using these each term. We are also excited for trips in the community to go shopping and to start learning how to independently prepare food.
