

Twain class are part of the Formal learning approach's 'non core offer.' Twain Class is a specialised provision based at Oxford Road for a small key stage 3 and 4 group, with a significant focus on helping pupils build relationships and overcome challenges to accepting mutual or self-support.

Building trust and fostering communication in this environment enables pupils to work on their specific personal and academic development. The curriculum is tailored to provide a practical, 'hands-on' learning experience, with a focus on BTEC qualifications and FE pathways. Targeted interventions are also implemented to address and close any learning gaps, ensuring that each pupil's educational needs are met.
