

Applegate class is a class within the Practical learning approach with a sensory crossover. There are 10 pupils in class who are supported by 5 members of staff.

Pupils learn through a practical approach, but are provided with plenty of opportunities for sensory play and exploration.

Pupils will learn about a range of different topics throughout the year, such as; 'My home', 'Celebrations', 'My community and people who help us', 'Lets go wild', 'Mythical beasts' and 'International explorers'.

We are hoping to be able to access the community during the year to help consolidate our learning. We are looking forward to the year ahead.
