

18th September 2025

Dear Parents/Carers,

We are pleased to let you know that we are currently in the process of creating a brand-new website dedicated to our school's charity (Friends of Five Acre Wood and Grow 19). This website will highlight the wonderful work we do, showcase the exciting projects we fund, and share the positive impact we are making across our school community.

As part of this development, we will also be creating a stakeholder brochure, which will further celebrate and promote the incredible work made possible through our fundraising efforts.

To help bring both the website and brochure to life, we would like to include photographs taken within school for example, at events, during activities, or while pupils are engaging with charity-funded projects. These images will help us share the story of our charity and highlight the enriching experiences your children are part of.

As this website and brochure are separate from the main school website and communications, we would like to take this opportunity to ask for your permission to use photographs of your child for these specific purposes.

Please indicate your preference below and return this form to school by **Monday 29th September** for my attention.

Thank you for your continued support. If you have any questions, please do not hesitate to get in touch.

Warm regards,
Hannah Juden
Fundraiser
