

Dickens class is year 7 class within the Formal learning approach. There are 14 pupils and 3 staff members in class. We are based at the Snodland Satellite.

Pupils work on maths and English every day, as well as a variety of other subjects throughout the week including; science, topic, ICT, PSHE and art. They have opportunities to develop their cooking skills, go into the local community and work at the Loose site during weekly Preparation for Adulthood sessions.

The focus for the year is to build confidence and independence skills and to prepare for year 8 and the secondary model. Pupils have settled in well and some strong friendships are forming. Their social skills are developing well. We are fortunate to have a swimming pool at St Katherine's School which we will be able to use later in the school year. We are looking forward to trips in the community to go shopping and to start learning how to independently prepare food.
