

Hamilton class is a Key Stage 2 primary class within the Practical learning approach. The class consists of 12 pupils aged between 8 - 11 years. Pupils are supported by a Class Teacher, a Senior Teaching Assistant, a Teaching Assistant and a Lunchtime Supervisor.

During the year, pupils will explore a variety of engaging topics, including; My Home, Celebrations, My Community and People Who Help Us, Let's Go Wild, Mythical Beasts and International Explorers. Alongside these topic-based themes, pupils will continue to develop their life skills, independence and work towards their individual EHCP outcomes. In addition to topic learning, pupils will focus on building core skills in numeracy and literacy to support overall progress and understanding.

We will continue to build on the work from last year, by developing and embedding our core learning approach values; being a team player, showing respect, demonstrating honesty, showing courage and being aspirational.
