

Hawking are a year 10 class within the Formal learning approach and are based at the Snodland site.

Hawking class are moving into key stage 4 and will be working towards accreditation and qualifications. Students move between classes for their lessons and are building their independence and resilience during lessons.

Students are learning about themselves and what they need to learn. They consider their wellbeing and the wellbeing of others in the class, school year and school. Some students are working as mentors in other classes, helping with learning and supporting the teachers.

Students enjoy active learning, quizzes and taking on challenges. They are always happy to see visitors and showcase the school.
