

Toto

Toto class is within the EYFS learning approach and follows a child-led, exploratory approach to learning. There are 10 pupils and 4 members of staff in the class. Pupils' ages range between 4 and 6 years. This year, we will focus on developing communication, engagement, social interaction and personalised learning targets, with plenty of opportunities for pupils to lead their own learning through exploration.

We aim to create an environment where pupils feel happy, safe and motivated to learn, while building strong relationships based on trust, respect and fun. The classroom is designed to support individual needs and provide a calming space, with access to sensory activities to help pupils regulate and engage in learning.

Outdoor learning is an important part of our day. We are lucky to have access to the Saplings area, the field, trim trail and the sensory garden, which provide a variety of opportunities to explore, play and learn in nature.
