

Debussy is a key stage 2 class within the Structured learning approach and is based at our Loose site. We are a class of 9 pupils aged between 8 and 10 years, who are supported by the Class Teacher, a Senior Teaching Assistant and a Cover Teaching Assistant.

Pupils follow the TEACCH programme of structured learning through daily routines. We provide a focus on developing independence and communication using real life objects, symbols and Makaton signing to support understanding. We recognise the sensory needs of the pupils and access the trim trail, soft play and sensory garden to support their sensory development. We provide inclusion sessions weekly to allow the pupils to interact with others around the school and promote positive relationship building. Our favourite activities are using the cooking room to make delicious foods for us to enjoy and spending time in the trim trail, climbing and jumping.
