

Ilayaraja class is within the Structured learning approach, with a cohort of 11 pupils. Throughout this academic year, we will engage in a wide array of topic-based learning experiences designed to deepen pupils' understanding of themselves and the world around them.

We follow the TEACCH approach, which is built to provide consistency and predictability. We use a total communication approach, tailoring our communication to each pupil's preferred mode of expression, through SCERTS, Makaton and PECS, so that they are empowered to advocate for their needs and wants to be met.

Learning in Ilayaraja class is enriched with sensory experiences to ensure each lesson is not only meaningful, but also engaging and fun. Creativity is encouraged and our curriculum is customised to the unique strengths and needs of each pupil. During 1:1 sessions, the teacher focuses on specific skill development relevant to each individual pupil.

We look forward to a year of growth, discovery, and enjoyment.
