

Vivaldi class is within the Structured learning approach. In class there are 6 pupils, aged between 7 and 9 years and 4 members of staff.

We are a lively and enthusiastic class who enjoy learning through play and fun experiences. Our teaching is guided by the 'Curiosity Approach' and we are beginning to incorporate elements of the TEACCH rotations, to support open-ended and independent learning.

Pupils are developing their communication skills through the use of personalised visual supports, which help them work towards their individual targets.

Throughout the year, we will engage in a wide range of activities, including visits to the trim trail, field, saplings and to the hall for dance and sensory circuits. In addition, we will take part in both sensory and structured play opportunities.

We look forward to seeing each pupil grow in confidence and make progress across all areas of their learning throughout the academic year.
