

Zimmer class is a key stage 2 class with 10 pupils who are supported by a Teacher, a Senior Teaching Assistant and 2 Teaching Assistants. Zimmer class is within the Structured learning approach where pupils use TEACCH and SCERTs to support with learning which involves 1:1 teaching, group work, independent workstations, leisure and outdoor learning.

Pupils will undertake enrichment activities, such as going to soft-play, the trim trail, class cooking and art, as well as visiting the sensory garden and the field for physical activities. Each term, the learning approach focus on a topic and we complete a variety of activities based around this.

We look forward to the year ahead and to supporting pupils with their emerging independence. We are excited to see the pupils evolve emotionally, develop a greater understanding of the world around them and above all, watching them flourish.
