Designated Safeguarding Lead: Sarah Costain

Named Governor with lead responsibility: Shobha Ravindra

Date written: January 2018

Date agreed and ratified by Governing Body: May 2026

Date of next review: April 2027

**This policy will be reviewed following any concerns and/or updates to
national and local guidance or procedures**

Schools and colleges should have their own procedures for dealing with safeguarding concerns or allegations against those working in or on behalf of schools and colleges in a paid or unpaid capacity, i.e. members of staff, including supply teachers, volunteers and contractors.

This Whistleblowing Policy is not intended to replace the School's safeguarding and child protection procedures. Any immediate or initial safeguarding concern about a child must be reported without delay in line with the Safeguarding and Child Protection Policy. This policy exists to enable employees and others working on behalf of the School to raise concerns where there is a belief that safeguarding concerns have not been dealt with appropriately, where procedures have not been followed, or where there are wider systemic, cultural, or organisational failings that may place members of the school community at risk. It provides a safe and protected route for raising such concerns, including where internal processes have not resulted in appropriate action.

Concerns should be reported as follows:

- **Safeguarding concerns** about a child must always be reported immediately in line with the Safeguarding and Child Protection Policy.
- **This whistleblowing policy** applies to systemic failings, malpractice, wrongdoing, or concerns about organisational culture or practices, including where safeguarding procedures may not be being followed correctly.
- **Low-level concerns** about staff conduct should be managed in line with the Low-Level Concerns Policy.

This Whistleblowing Policy should be read in conjunction with the Low Level concerns Policy. Concerns should be considered to fall under one of two criteria and the appropriate policy implemented.

1. Concerns / allegations that may meet the harm threshold.
2. Concerns / allegations that do not meet the harm threshold – referred to for the purposes of this guidance as 'low-level concerns'.

These procedures should be consistent with local safeguarding procedures and practice guidance

This policy is about managing cases of concerns/allegations that might indicate a person would pose a risk of harm if they continue to work in their present position, or in any capacity with children in a school or college. In this part of the policy reference is made to 'allegation' for ease. This part of the guidance should be followed where it is alleged that anyone working in the school or a college that provides education for children under 18 years of age, including supply teachers, volunteers and contractors.

INTRODUCTION:

Five Acre Wood School is committed to achieving the highest possible standards of probity and integrity regarding its practices.

Five Acre Wood School recognises that it is important for all Employees to have a means by which they can raise serious concerns about any aspect of the operation of the School. The School further acknowledges its obligations under the Public Disclosure Act (1998) to ensure mechanisms are in place through which concerns relating to matters of public interest can be raised.

Five Acre Wood encourages Employees to raise any concerns internally at the earliest opportunity rather than disregarding issues or raising the matter externally.

Five Acre Wood will address concerns seriously and undertake as much investigation as is necessary given the circumstances – this may include referral to external agencies.

Five Acre Wood will endeavour to advise an Employee of any actions / outcome arising from a complaint where appropriate.

Five Acre Wood will provide reasonable support to an Employee who raises a concern.

Five Acre Wood will ensure that where a concern is raised, an Employee will be protected from detriment, harassment and victimisation. It is recognised that in certain cases it may be appropriate to consider concerns raised on a confidential or anonymous basis.

This policy and procedure explains:

- The mechanism for raising concerns
- The range of responses the School may take upon receipt of concerns
- The support and protection available to Employees

SCOPE:

This Policy and Procedure applies to all employees of Five Acre Wood School. (This policy also applies to agency workers, volunteers, contractors and others working on School premises).

Public Concern at Work defines whistleblowing as:

'The raising of a concern either within the work place or externally, about a danger, risk, malpractice or wrong doing which affects others.'

The Whistleblowing Procedure provides a means for Employees to raise concerns about conduct or situations which they believe are inappropriate. Concerns may include, but are not limited to:

- Conduct which is, has been or is likely to be an offence or breach of law
- Conduct that has occurred, is occurring or is likely to occur - as a result of which Five Acre Wood School fails to comply with a legal obligation
- Acts or potential acts of fraud / corruption or the misuse of public funds / resources
- Miscarriages of justice
- Past, current or likely health and safety risks
- Concerns about any aspect of service provision
- Concerns of a safeguarding / child protection nature
- Unethical or unprofessional conduct that causes concern
- The deliberate concealment of information relating to concerns listed above
- Disclosures relating to sexual harassment, including harassment by employees, volunteers, contractors, governors or third parties, whether occurring on school premises or in connection with work-related activities off site.

Concerns relating to an individual's own employment should be raised through the Five Acre Wood School grievance and harassment procedures.

Employees may raise concerns about the practice of anyone who works for or on behalf the School including:

- All Employees
- Governors
- Volunteers
- Contractors

Concerns that Employees have may be raised individually or collectively. If collective concerns are raised staff should be prepared to give their own account during any investigation, should this be required.

There is no time limit for raising a concern – however Employees are encouraged to do so at the earliest opportunity since it may be difficult to address a matter if a significant time has elapsed.

ADOPTION ARRANGEMENTS AND DATE:

This procedure was adopted by the Governing Body of Five Acre Wood School in January 2026 and supersedes any previous Whistleblowing Policy and Procedure.

This policy will be reviewed annually.

RESPONSIBILITIES OF THE SCHOOL:

- To foster a culture where Employees can feel confident in raising concerns
- To ensure concerns are fully considered, investigated as necessary and action taken as appropriate
- To ensure that Employees raising concerns receive feedback on any action taken where appropriate
- To make employees aware how they can take matters further if they are not satisfied
- To reassure Employees that they will be protected against detriment and reprisal should they raise a concern

RESPONSIBILITIES OF THE EMPLOYEE:

- To raise concerns only where there is a reasonable suspicion for doing so
- Not to knowingly raise a false allegation with malicious or vexatious intent
- To engage with internal / external actions to address any concerns – by attending meetings and / or participating in any investigation

TRADE UNION REPRESENTATION:

Employees may wish to consult and seek guidance from their Trade Union representative before making a disclosure under this procedure

Employees may be accompanied to any meeting by a trade union representative or workplace colleague who is not involved in the area of work to which the concern relates.

RESPONSIBLE OFFICER AND MONITORING OF COMPLAINTS:

The Governing Body has overall responsibility for the maintenance and operation of this policy and procedure. The Principal will ensure the effective implementation of the whistleblowing arrangements, providing training as appropriate, and undertake an annual audit of the whistleblowing arrangements, reporting the outcome to the Full Governing Body.

The Principal will consider:

- The number and types of concerns raised and the outcomes of the investigations.
- Feedback from individuals who have used the arrangements
- Any complaints of victimisation
- Any complaints of failures to maintain confidentiality
- Any relevant litigation
- The level of staff awareness, trust and confidence in the arrangements
- Any reporting will not identify the parties to the complaint.

RAISING A CONCERN:

Five Acre Wood School uses the MyConfide platform for logging concerns about staff members; all staff have been trained in how to use this system.

Myconfide concerns are monitored by Senior members of HR, the Principal, Head of School and Lead DSL. Staff will also be able to report concerns verbally to the Principal.

In instances of serious concern or where the complaint involves the Principal, complaints should be raised with the Chair of Governors by contacting the Clerk to Governors at clerk@five-acre.kent.sch.uk

Where a concern relates to a senior leader, they will not be involved in managing or monitoring that concern. Arrangements will be made to ensure appropriate independence and oversight, including Governor or external involvement where necessary.

In circumstances where the Principal is not contactable, the Heads of Schools should be approached. In the event that both Heads of Schools cannot be reached then the Lead DSL should be contacted.

Should the Principal have concerns – these should be raised with the Chair of Governors in the first instance.

Please refer to Appendix A for the appropriate internal contacts

A concern raised in writing should be written using neutral language, recalling facts and including as much detail as possible:

- Set out the background and history of the concern - giving names of those involved (including witnesses), dates and places where possible
- Give the reason why the Employee is particularly concerned about the situation
- For clarity it would be helpful for the Employee to state that they wish their concerns to be addressed under the whistleblowing procedure

An Employee is not expected to prove the validity of their concern, however they will need to demonstrate that there is a reasonable suspicion for their complaint.

An Employee may invite a Trade Union representative to support them in raising a concern or raise the matter on their behalf or at a subsequent meeting to explore the complaint.

HOW FIVE ACRE WOOD WILL RESPOND:

Preliminary enquiries may be made to decide on the appropriate course of action. This may necessitate further discussion with the Employee who has raised the concern.

On occasion it may not be appropriate for the person who receives the complaint to progress the concern and the matter may be referred to another individual within the School or an external organisation.

It may be possible to resolve some concerns informally by agreed action without the need for further formal investigation.

Where it is not possible to resolve the matter informally, the action taken by the School will depend on the nature of the concern and may include:

- Undertaking an internal management or disciplinary investigation
- Referral to the School's auditors
- Referral to another regulatory authority
- Referral to the Police
- Referral to the Local Authority

Within 10 working days of receipt of any concern, the person progressing the matter will write to the Employee to:

- Acknowledge that the concern has been received
- Indicate how and through whom the School proposes to address the matter including whether further investigation or referral to another organisation will be made
- Give an estimate of how long the investigation will take
- Indicate whether further information will be sought from the employee and the arrangements for obtaining this were known

The form of further contact between the Employee and the person progressing the complaint will depend on the nature of the matter raised and the follow up action required.

In instances where an investigation is prolonged or referral to an external agency takes place – arrangements will be made to provide the Employee with situational updates as far as is practicable.

On occasion the person considering the complaint may determine that it is not appropriate for further action to be taken.

This may include where:

- There is no evidence that malpractice has occurred
- The matter is / has been the subject of internal proceedings under another school policy
- The matter is / has been the subject of external legal proceedings / been referred to another external agency
- A false and malicious or vexatious complaint has been made

NOTIFICATION OF THE OUTCOME OF THE CONCERN:

Five Acre Wood recognises that an Employee raising a concern would wish to be assured that the matter has been fully addressed. Feedback will be provided on the outcome of the complaint, wherever possible.

In some circumstances however it may not be appropriate or permissible to share this information (for example where legal / disciplinary or regulatory authority action is pending or if sharing information may infringe the duty of confidence owed to a third party). Where it is not appropriate to provide detailed feedback the Employee will be advised that the matter has been addressed or concluded as far as is practicable.

Where a matter is not to be considered further the Employee who raised the complaint will be advised of this in writing.

HOW THE MATTER MAY BE TAKEN FURTHER:

This procedure is intended to provide Employees with a mechanism to raise concerns internally within the School. Should this process be exhausted and the Employee feels that matters have not been fully / appropriately addressed or that concerns are ongoing they may wish to raise the matter outside of the School. Appropriate contacts are listed at Appendix A.

An Employee who intends to raise a concern externally is encouraged to consider carefully whether this is the most appropriate form of action to resolve the issue and whether all reasonable internal steps have been taken.

If a matter is raised outside of the School, an Employee should take all reasonable steps to ensure that confidential or privileged information is not disclosed.

PROTECTION AND SUPPORT FOR EMPLOYEES:

The School will take reasonable measures to support and protect Employees who raise concerns.

PROTECTION FROM DETRIMENT:

Employees raising a concern with reasonable suspicion for doing so will not be subject to discrimination, harassment, or victimisation. Should an Employee believe they have been subject to detriment or retribution they should report this to the Chair of Governors who may address the matter in accordance with the Five Acre Wood School's disciplinary procedure.

No action will be taken against an Employee where concerns raised are subsequently unproven. However disciplinary action may be taken against individuals who knowingly make 'false, malicious and / or vexatious allegations.

Should an employee commit a criminal offence in raising a concern (e.g. accepting a bribe or an act of corruption) – protection from detriment may be lost and the Employee may be subject to the School's disciplinary procedures.

Disclosures relating to sexual harassment may constitute a qualifying protected disclosure under whistleblowing legislation. An employee who raises concerns, in good faith, about sexual harassment:

- Is entitled to protection from detriment or victimisation
- Will not be dismissed or subjected to disadvantage for raising such concerns

- May raise concerns internally under this policy even where other processes (such as grievance or safeguarding procedures) are also applicable,

This provision does not replace the School's duty to prevent and address sexual harassment, nor does it limit an employee's right to use other appropriate procedures where relevant.

CONFIDENTIALITY:

The best way to raise a concern is to do so openly. Openness makes it easier for Five Acre Wood School to assess and investigate the issue. However, it is recognised that there may be some circumstances where an employee would prefer to raise a concern in confidence. Employees should make Five Acre Wood School aware of this when raising their concern.

Where appropriate every effort and consideration will be given to arrangements to maintain the Employee's confidentiality – including off site meetings where appropriate.

Every effort will be made not to reveal the Employee's identity, without their prior consent, if this is their wish. However, in certain cases, it may not be possible to maintain confidentiality if the concern is subject to an external / police investigation where disclosure is required. An Employee will be advised should there be a possibility that their confidentiality cannot be maintained.

ANONYMOUS CONCERNS:

Employees are encouraged to put their name to any allegation where possible.

Five Acre Wood School recognises that some individuals may feel unable to identify themselves and will not disregard concerns solely because they are raised anonymously. Anonymous allegations will be considered and investigated at Five Acre Wood School's discretion.

In exercising the discretion, the following factors may be considered:

- The seriousness of the issues raised
- The credibility of the concern; and
- The likelihood of confirming the allegation from attributable sources

It should be noted that it may be more difficult to address the concern, support an employee or advise them of the outcome where a concern is reported anonymously.

SUPPORT:

Employees who raise a concern may wish to make use of the confidential counselling service provided by Five Acre Wood School, if appropriate.

Employees may also wish to consult their professional association or Trade Union if they are a member. Other sources of support are provided in Appendix A.

Should an employee be required to give evidence in criminal or disciplinary proceedings – consideration will be given to appropriate support.

OTHER CONCURRENT PROCESSES:

Where a complaint is raised under the whistleblowing procedure this will not in itself be sufficient to halt any other ongoing processes relating to absence, conduct, performance or redundancy.

However, each case will be considered on its merits to ensure that Five Acre Wood School is acting reasonably.

RECORD KEEPING:

Notes may be taken of all meetings with the Employee held under this procedure. Where notes are taken a copy will be made available to the Employee.

All records will be treated as confidential and processed in accordance with UkGDPR which provides individual’s with the right to request and have access to certain data.

A central record of whistleblowing will be maintained by the Governing Body. This record will include, a summary of the concern raised, action taken and the resulting outcome. Senior staff or Governors who receive whistleblowing concerns must ensure the concern is recorded.

APPENDIX A: CONTACT DETAILS

It is the usual expectation that an Employee will have endeavoured to raise the concern internally within the school before referring the matter to an external organisation.
